

Good morning, my name is Angelica 11/26/17  
Salazar and I am the director of Education  
Equity at the Children's Defense Fund-California.  
I am also representing the Brothers, Sons, Selves  
Coalition.

We strongly support the Social Equity program  
and, specifically, we support the recommendation  
that 20% of the ~~the~~ Community Reinvestment Fund  
be reserved for youth development and  
education.

It is critical that we include both the  
early childhood ages and the transition ages  
during young adulthood. Childhood doesn't  
end right at age 18. It is especially  
important to support youth in the  
child welfare and juvenile justice systems.

Please support equitable funding for  
educational enrichment to high need  
youth ages 0-24. Thank you
