Summary: The Central San Pedro Neighborhood Council supports all people that live and work in the City of Los Angeles being guaranteed the right to a living wage; a living wage allows an individual to support themselves and a child in terms of necessities (food, shelter, basic entertainment, education et cetera).

Truckers that work at the Port of Los Angeles should be included in this.

Therefore the Central San Pedro Neighborhood resolves to support this motion if amended with the following policies:

Leases with companies that are in violation of local, state, and federal laws, including labor and employment laws will not be renewed.

If companies with a lease for operating on a port terminal are not willing to provide port truckers with a living wage, the leases should be terminated and an interim management company should operate these terminals who will abide by labor laws.

The Central San Pedro Neighborhood Council further authorizes submitting this document as a community impact statement.
