To the Honorable Council
Of the City of Los Angeles
Honorable Members

**Re: Council File 17-0857 - Technical Correction by Bureau of Engineering (BOE)
to the City Engineer's Report dated November 13, 2017**

Bureau of Engineering had an additional meeting with the Council Office and the applicant. Park Drive in this area is irregular right of way width as well as the roadway width. Based on the follow up meeting and additional information submitted by the applicant, BOE agreed to make a change in City Engineer's report. As a result, an additional five (5) feet of right of way area to be included as part of the vacation area and the technical correction reflect the change.

If you have questions, please feel free to contact me at (213) 808-8874.

Respectfully submitted,
