Re: Council File Number:17-0864,

Council File Title: 2937- 2945 Glendower Avenue/Haul Route Appeals

Dear Councilpersons,  
I am writing regarding Council File Number:17-0864, Council File Title:  
2937- 2945 Glendower Avenue/Haul Route Appeals and directing this to the Board  
of Building and Safety Committee.

I am deeply troubled by the size and scale of many renovation and building projects in the neighborhood. However, the singular enormity of this project will significantly impact the day-to-day safety and quality of life for all of us who reside in the area.

There is no justification in my mind, or in those of my neighbors that one house or homeowner deserves to put so many in jeopardy to build an over-sized Mc Mansion.

The impact of trucks traversing our only access street to Los Feliz every ten minutes will greatly impact emergency vehicles to respond in timely manner to situations, residents navigating our streets to drive children to school and get to work, and the inevitable gridlock for years from the pre-construction, construction, and the interior design phase of trucks bringing appliances, furnishings, and so on to the property.

Thank you for your representation and consideration of our concerns.

Respectfully,

DIRECTOR  
Clay Weiner
