**20504 – 20524 Lassen Street and 9733 – 9857 Mason Avenue, Chatsworth**

Dear Chairman Huizar and PLUM Committee members:

We are pleased to present the "Gateway at Lassen" project to the Planning and Land Use Management Committee for its review and recommendation of approval to the City Council. Subsequent to the Planning Commission's decision, we met with Councilmember Englander to discuss the project details. As a result of these meetings, we agreed with his suggestion to reorient Building 6 (Starbucks), as identified on the Site Plan. The reorientation of Building 6 results in a more positive face of the center along the Lassen Street frontage and provides for safe pedestrian access to the building from the parking area. In making this adjustment we found that the Planning Commission's Letter of Determination will require some technical changes to accommodate this change.

As a result of this plan adjustment we respectfully request that the PLUM Committee and City Council approve the edits to the Planning Commission's Letter of Determination dated August 18, 2017 (additions and deletions) as found in the attached Technical Changes to CPC-2016-5001-VZC-HD-CU-CUB-SP; and accept the updated Site Plan and Landscape Plan as we will present to you at the PLUM Committee meeting.

Thank you very much for your consideration of these minor changes and we very much appreciate your time and consideration.

Again, we appreciate your efforts and we look forward to your approval.

Sincerely,

Brad M. Rosenheim
