**Comments for Public Posting:** Lake Hollywood Tour Busses The LA city council is considering an ordinance that would ban overweight vehicles, including tour buses, from coming into our neighborhood. Currently, the only way an overweight tour bus can be cited is if the city sets up scales in a sting operation to weigh the overweight vans. There is not enough personnel, nor enough scales, for the city to enforce the existing ban on these vans. The new ordinance bans overweight tour buses and by declaring our streets to be unsafe for overweight vehicles. I totally support this ordinance. Our privacy has been invaded and the only time we get to enjoy our area, it is inundated with tourists.
