Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Nicole Kolb

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable and eco friendly future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Birds could also be a bridge for social economic barriers. Options without owning a car were limited in LA- bus, maybe metro lines blue expo etc if lucky but we all know they have a long way to improve.

Still ultimately bus and bipeding it. If you won the lottery you could uber in an emergency... bird fixes some of the discrepancies in public transit

Thank you,
Karen Stoyer

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Mostafa Aboelmagd

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Olufunmike Salami

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Raphael Milczarek

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation.

I wizzed by all the cars as I rode the mile from my train stop to my destination, and I wasn't pouring out greenhouse emissions like each of the automobiles that were going nowhere.

I live downtown, and I would love to see expansion into that area.

Thank you,
M. Shane Cannedy

Dear Mayor and City Councilmembers,

Quit trying to screw the tech companies that are trying to serve their customers.

I challenge you guys to go down to Santa Monica and see all the people riding around with smiles on their face.

Don't take away their smiles.

And don't try to tax scooters too.

You should be figuring out how to help the scooter companies not screw them.

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Concerned citizen

Hello Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

Since LA has the worst public transportation system ever, Bird and other scooters are a great way to get around quickly and reduce traffic.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Emma B

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Rupa Tumburu

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Ryan Seavey

Dear Mayor and City Councilmembers,

Thank you for everything you do for our community. I'm a huge proponent of sustainable living, and can't stand traffic in our city. I live in El Segundo, and I absolutely love Bird. I hope nothing will make Bird Scooters leave southern CA.

Thank you,
John Holway

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Amanda

Dear Mayor and City Councilmembers.

LA is one of the most innovative cities and counties in the US. Yet our transportation has seemed eternally plagued. Sharing-economy, multi-nodal transport is not only crucial - it's inevitable. And basically it's a human right.

The tech that exists to allow for shared bikes, scooters and cars is incredible. And it will have a positive, transformative effect on our city and its citizens.

Look I love the Birds but yes, they can be annoying (or unsafe) when people don't have basic respect for how to use them/park them. Big changes will eventually need to be made, to create traffic lanes to support this new era of electric transport. Designated corrals also make sense and max speeds.

But while you sort these things out, don't cut off the nose to spite the face. Let the Birds fly and watch how they are used - work closely with the companies and learn from the data - see what the people want and need.

As we plan for a more sustainable future, we need to embrace affordable innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic. Innovations like this will have great impact on local business and community engagement as well.

Thank you,
Jeffrey Abramson

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Braden Yuill
