Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,

Mayor and City Council-members,

I appreciate your ongoing leadership and attention to the future Los Angeles.

Bird Scooters is focusing on reducing traffic with their shared electric scooters. It's a feasible idea. They're innovative, they're hip, they're a cleaner mode of transportation, and they're affordable.

You need to plan for a more sustainable future. Choose Bird Scooters. Embrace innovation that makes Los Angeles greener and our streets less crowded.

Thanks for your time,
 Mark Smeltzer

 Subject: Bird: Sensible regulation not a ban
 To: eric.garcetti@lacity.org, gilbert.cedillo@lacity.org, paul.krekorian@lacity.org, david.ryu@lacity.org, paul.koretz@lacity.org, monica.rodriguez@lacity.org, councilmember.harris-dawson@lacity.org, curren.price@lacity.org, councilmember.wesson@lacity.org, mike.bonin@lacity.org, councilmember.english@lacity.org, mitch.ofarrell@lacity.org, jose.huizar@lacity.org, joe.buscaino@lacity.org, CityClerk@lacity.org

Dear Mayor Garcetti and City Councilmembers,

The City Of Los Angeles can and must do better than the City Of Beverly Hills regarding responding to the presence of Bird and other electric scooter companies. The answer is sensible regulation not a ban, even a temporary one.

I support shared electric scooters and am opposed to Councilman Koretz' proposed ban. This innovative new mode of transportation is a great choice for trips wherein distance precludes walking, the cost of an Uber is not necessary and greater speed than Metro is desired. Bird provides an affordable and environmentally-friendly solution. The City should work with Bird to further address issues such as helmet use, riders staying off sidewalks and not obstructing walkways once rides are complete so paths remain clear for others especially those those in wheelchairs.

As we fight for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

In the current political climate wherein the Trump administration is seeking to preclude California from continuing to set its own emission standards, I expect and demand the City Council continue the proud California tradition of technological innovation and environmental consciousness.

Paul Suarez - Hollywood, CA

Dear Mayor and City Council members,

First and foremost, I am most concerned about safety of emerging transportation technology - we have to keep motorists and scooter riders safe first and foremost. It MUST also be a priority to continue to expand accommodation such as special lanes for bicycles and shared electric scooters like Bird.

More, thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly. I strongly oppose any temporary ban. If we ban Scooters, not only will we strip people of a transportation method many have come to depend on, but we will lose the ability to study the scooters and understand what the best regulations should be.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
 Alexander Ogle

Dear Mayor and City Councilmembers,

Birds are a great alternative transportation. In order for LA to advance as a city and become more eco friendly we need to allow companies like bird to flourish. We need to build more bike lanes on streets to allow birds and fellow bikers a safe and designated space to operate.

The only arguments against birds center around traffic and safety. Birds on the sidewalk are not safe to pedestrians. It's why they operate under the same rules bikes do. Bikes are not a new thing. So why do we feel like we have a new problem with birds? The simplest and safest solution is to build more bike lanes. Imagine LA like a new Amsterdam with people more able to freely commute around the city by bike or bird. If we hope to make LA a more sustainable city with a positive impact on the environment we need to support companies like bird and push for designated bike lanes on major streets.

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

Thank you,
Gabriel Linkiewicz

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Janel Garcia

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I just wanted to let you know that I am in COMPLETE FAVOR of bird, and I think that it could help save the world and our polluted environment with less people driving there cars. It is a very unique way to get around and it has helped me a lot, especially because it is inexpensive, so I don't have to take an uber. It is very convenient and the layout of the app is a great way of transportation. It is fun, affordable, controllable, and something everyone can agree on. It is great for me when I come out of my house and I see a bird standing there, so I rent it just like that, and I'm at my destination quicker than the speed of a car, because of traffic, all day everyday. I would really appreciate it if you could bring it back. Because it was one of the best things that has ever happened.

Thank you,

Eli Gelb

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Roger Caneda

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly. They also help commuting through LA, especially in heavy traffic areas such as the West side. Bird should also be permitted to develop its activities in the Valley where traffic is increasing, together with air pollution. The City's goals should be to help its inhabitants have a better life; permitting Bird to continue to grow would achieve this goal. While some may complain about Birds, the voices of riders should not be outweighed by haters. Instead smart solutions should be crafted to accommodate everyone.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Johanna Monon Manoukian

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
 Dylan Sacks

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
POURAN BEHDADNIA

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

Don't be boring, with crap traffic, stupid high rents, astronomical homelessness, total shit roads can't we have a little fun?!! As a local who grew up here let's not be boring.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Balazs Herr

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
 Aram

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Kimberly Victorian

Dear Mayor and City Councilmembers,

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Vance Morton

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Matthew Zelazo

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Amanda Giberman

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly. Also, they are an easy way to make extra pocket change. Could legitimately help low income folks make a few extra hundred dollars per month. I know that I like the extra funds.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic. Just add some parking spots, maybe.

Thank you,
Alexandra Caryotakis

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Matthew Maloney

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Jason Schwartz

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

Personally, I use electric scooters from Bird (and also Lime their primary competitor) at least 4-5x per week for local transportation around Beverly Hills. I've found them to be convenient, affordable, and fun to ride.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Evan Kopelson

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Boruch Ungarischer

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Quincy Wilson

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters and hoverboards. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Moreover, it's sad to see the state of our modern day village. You tried to shoot down AirBnB, Hoverboards, Birds, Uber, and Lyft. Innovation is coming and it will disrupt your billion dollar taxi cab and hotel market. To deny self-balancing devices and push for restrictions on other forms of innovation is sickening, please do the right thing.

Thank you,
Michael Durjan

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Ivan Rojas

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
 Thao Mokulehua

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly. They save the environment from any added gas fumes, and are very cost effective and fun! They are also now my main source of transportation.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Braulio Valencia

My own personal message:

LA has the potential to be one of the great cities of the world. But it is so far behind in ways like transportation.

The more we get people out of their cars, the better.

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Eric Chu

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Vadim Marmeladov

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
David Crane

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

I do also understand the imperative need to maintain everyone safe and while I strongly oppose the banning of these scooters, I support stronger regulation regarding safety, including possibly requiring the rental of helmets along with the scooters, as well as when and how scooters should be returned after riding. The concept of dock-less riding is great but sometimes common sense can not be relied upon entirely to be policy.

Thank you,
Ariel Insurriaga

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Kevin De Santiago

CF-17-1125 Dockless Guidelines -- Letter in Support

1 message

From: Mehmet Berker <mehmetikberker@gmail.com>

To: Michael.Espinosa@lacity.org

At: Mon, Aug 6, 2018 at 5:21 PM

Dear Mr. Espinoza,

Please find attached a letter in support of CF-17-1125, the proposed Dockless On-demand Personal Mobility Rules & Guidelines as crafted by LADOT and currently before the Public Works & Gang Reduction Committee.

Thanks so much,

Mehmet Berker,
Los Angeles resident

At: Mon, Aug 6, 2018 at 2:24 PM

Re: Oppose the ban on free speech

Dear Holly Wolcott,

I stand with Firearms Policy Coalition, Firearms Policy Foundation, the Calguns Foundation, and California Association of Federal Firearms Licensees in strong opposition to the proposed policy that unconstitutionally restricts the rights of people to speak, publish, and republish truthful, non-misleading information which is freely available in the public domain.

There can be no question that the proposed policy would impose a prior restraint on and criminally punish constitutionally-protected speech and information. For this and other reasons, I request your NO vote.

Sincerely,

Charlie segovia

Dear Mayor and City Council members,

As someone who can't afford a car, Bird has changed my day to day life. I often walk around my neighborhood and take the bus, but Bird is perfect for those in-between distances or places where public transit is poor and infrequent.

I plan to vote in future elections for city officials who support rideshare scooters and bicycles (not just Bird) and who vote for plans to make bicycle (and scooter) lanes safer and more prevalent.

I support any efforts for reform that will make scooters safer for all of us, but please don't inhibit their growth as a viable mode of transportation.

I understand that many wealthy citizens consider them a nuisance, but for someone who needs more transportation options like me, they are a godsend. One hundred years ago people complained about bicycles being a nuisance and a fad. And they were wrong. Let's think forward, not backwards.

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Lauren Kulak

Dear Mayor and City Councilmembers,

I am 48 years old and a life-long Los Angelino.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

I realize there have been complaints about how scooters are left, and they sometimes fall over. It is a minor problem that can be addressed through a cooperation of scooter users, scooter providers like Bird and Lime, residents and businesses. If there were charging racks paid for by the providers, it might make the parked scooters more attractive and also charge the devices. Safety also is an issue that can and should be addressed.

But the solution should be to encourage people to ride alternative forms of transportation that are clean, fun, do not require large roads and large parking spaces like cars, are not as deadly as cars and burn clean electricity rather than gas which fills our atmosphere with co2.

People used to admire China and their number of bikes. We have an opportunity to do the same here in LA with bikes (both manual and electric) and scooters (both manual and electric). The city should be encouraging this with more bike/scooter lanes and entire thoroughfares and helping to address safety and storage. Thank you.

Sincerely,

Charles J. Harder

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Christopher Smith

Hello,

I am a student doing a research on Rent Controls. Can I know the number of units under rent control (specifically, number of apartment units under rent control), and the list of dates in which the rent control ordinance (or the residential rent adjustment program) was amended? (starting with 1980, when the ordinance was first passed)

Thank you,
Victoria Kang

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Tucker lida

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Maria Janet Ueda Hernando
