Yes, from 4-7 p.m. daily.

Provide a copy of the proposed menu if food is to be served.

D. PUBLIC CONVENIENCE AND NECESSITY EVALUATION

The City of Los Angeles is very concerned if a new request to sell alcohol is subject to one of the conditions below. There is a strong likelihood that the City will deny your "public convenience or necessity" application if one of the above listed conditions apply to your site. (It is strongly suggested that you contact your Council Office and discuss your project. If the Council Office does not oppose your project, you should then check with your local area police vice unit as well as the Planning Department Public Counter at (213) 977-6083 for the determination of whether the proposed site is within a Specific Plan area, and the Community Redevelopment Agency (CRA) project staff at (213) 977-1682 or 977-1685, to determine if your site is in a CRA Project Area. If any of the five conditions listed below apply to your site, you should carefully consider if you want to file for a Public Convenience or Necessity finding.

1. The proposed site is in an area with a long-term level of undue concentration of alcoholic beverage outlets.
2. The geographic area is the target of special law enforcement activity, i.e., police task force is working on reducing vice in the area, or eliminating juvenile crime (such as cruising or graffiti) or gang activity.
3. The proposed site is in close proximity to sensitive uses, including schools, parks, churches, youth activities, homeless shelters, mental health or alcohol or drug treatment centers.
4. The geographic area has elevated levels of alcohol-related crimes, including but not limited to: public intoxication, driving under the influence, assault, vandalism, prostitution, drug violations, loitering.
5. The proposed site is located in a Specific Plan or Community Redevelopment Agency Project area which specifically includes a policy to control future alcoholic beverage sales.

- E. If the project site is not subject to one of the above criteria, your project will be evaluated by the City Council with consideration given to the following possible benefits and detriments to the community:

1. Possible Benefits

Would the business: ...

- a. Employ local residents (how many)
- b. Generate taxes (provide estimate)
- c. Provide unique goods and services (which ones)
- d. Result in an aesthetic upgrade to the neighborhood (in what exact way)
- e. Contribute to the long term economic development (how)
- f. Provide a beneficial cultural/entertainment outlet (specify)

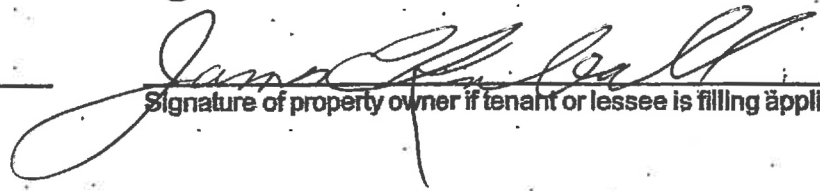

F. APPLICANT'S AFFIDAVIT

Under penalty of perjury the following declarations are made:

- a. The undersigned is the owner or lessee if entire site is leased, or authorized agent of the owner with power of attorney or officers of a corporation (submit proof).
- b. The information presented is true and correct to the best of my knowledge.

### **Application for Determination of “Public Convenience or Necessity” Additional Information**

4680 N Eagle Rock Boulevard, Los Angeles, CA 90041

E.

#### **1. Possible Benefits**

**Would the business:**

##### **a. Employ local residents**

- Yes, the bar will have approximately 12 employees, many of which will come from the local Eagle Rock community.

##### **b. Generate taxes**

- The business will generate tax revenues through alcohol sales.

##### **c. Provide unique goods and services**

- Currently, most of the commercial activity in Eagle Rock is centered along Colorado Boulevard. There are limited options for people in this part of the neighborhood who might want to have a fun night out within walking distance of their homes or jobs. This neighborhood bar will therefore provide a service that is beneficial to the community by offering a late-night entertainment venue in an area without one.

##### **d. Result in an aesthetic upgrade to the neighborhood**

- The subject space has unique neon signage installed by a previous retail tenant which is an important part of the streetscape on Eagle Rock Boulevard. The signage calls out the business as “Connor’s Plumbing.” In order to take advantage of the iconic signage, the new bar will be called “Connor’s.” The applicant will maintain all of the iconic neon signage, ensuring that it lasts for years to come.

## **FE DESIGN & CONSULTING**

- b. **Would the business duplicate a nearby business already in existence?**
- No. There are no similar businesses on Eagle Rock Boulevard.
- c. **Other non-alcohol sales business operations available, e.g., more specialty products, broader range of items like fresh meats or fruits and vegetables, etc.**
- The plan is to operate a bar at this space, so alcohol sales are essential. The space is very small and a full kitchen would take up too much square footage to be a feasible business. There is already a café next door which offers coffee service. This neighborhood is missing a local neighborhood bar, so the only viable option is to sell alcohol.
