Item Number:

Summary: Discussion and possible action on CF 17-1311 to create a CIS based on the results of the, "State of Street Related Infrastructure Programs in Los Angeles." The report details recommendations to improve Los Angeles' street-related infrastructure and associated programs. Link to full report: [View file here.](#)

Hi George and Board members,

Thank you for allowing me to present at last night's meeting. I hope that I provided a good overview of the study, and that you and your stakeholders found it informative.

As follow-up, I have attached the full survey results (that were offered to both constituents and BIDs), the two page executive summary, and two graphical slides representing current governance. Feel free to share with your stakeholders.

Please let me know if you have any further questions. Have a great day/week.

Best,

Laila

Hi George,

Thanks for having me last night - I just sent a thank you note and some slides out to the Executive Board.

I wanted to follow-up in regards to assisting with the CIS that your Board voted on last night. I have linked the Council File index here, where you can see examples of letters submitted by other Councils. Some are short, some are a page or longer. These could aid in helping you put together a letter that best represents your community. I've cc'ed Seme from DONE on this email, who can likely provide additional guidance. Feel free to reach out to me if you have any clarifying questions on the study itself or any of the proposed recommendations.

Best,

Laila
