Re: Council Files 17-0458 & 17-1311

Dear City Council,

The Del Rey Neighborhood Council, at its meeting on July 14th, 2018, considered Los Angeles City Council File #s 17-0458 & 17-1311. The Board had previously heard a presentation on the CAO report, and the report was further detailed at the Land Use & Planning Committee.

The City of Los Angeles is desperately in need of modernization. The Del Rey NC hears countless requests to aid in speeding the delivery of city services and coordinating responses from various departments. While the CAO's recommendations will not change some parts of the system, they will modernize the City's services and structures in a way that will bring the City into the 21st century. Using technology and streamlining the formation of City departments is crucial to helping to serve our stakeholders who desire better services and response.

Therefore, by a vote of 12-0-0, the Del Rey NC voted to support the Council Motions as written and passed the following motion:

'The Del Rey Neighborhood Council will submit a Community Impact Statements for Council Files CF 18-0458, CF 17-1311 to support the Chief Administrative Office's report on City Services and take action on the recommendations in the report to improve City Services.'
