December 19, 2018

Honorable Members of the City Council
City of Los Angeles
200 N. Spring Street Room 395
Los Angeles, CA 90012

Attention: Holly L. Wolcott, City Clerk

COUNCIL FILE 17-1342-S1 THE BORING COMPANY / CONSTRUCTION OF TUNNEL STRUCTURE / EXCAVATION PERMIT

Honorable Councilmembers:

RECOMMENDATION

Receive and file this notification that The Boring Company has officially canceled the subject application for a permit to construct a tunnel structure beneath Sepulveda Boulevard.

DISCUSSION

On April 18, 2018, the Public Works and Gang Reduction (PWGR) Committee approved an amended motion recommending a that the City Council find the project to be Categorically Exempt under the California Environmental Quality Act (CEQA) and also that City Council authorize the Bureau of Engineering and other City Departments to issue permits for the project.

Subsequent to the PWGR action; the Bureau of Engineering received the attached notification from The Boring Company dated December 7, 2018, requesting cancelation of the application for the subject tunnel project beneath Sepulveda Boulevard.

The recommendations to authorize the project have not been heard or approved by City Council. Therefore, the Bureau of Engineering believes that no further action is required by City Council and that receiving and filing this notification will be sufficient to acknowledge the cancelation of the project.

If you have any questions concerning this matter, please contact Bureau of Engineering Deputy City Engineer, Ted Allen, at (213) 485-4915.

Sincerely,

Gary Lee Moore, PE
City Engineer
