Summary: We the Wilshire Center- Koreatown Neighborhood Council of the City of Los Angeles, SUPPORT the adoption of Council File 17-1422, the Permanent Supportive Housing Ordinance. From the resident, business owner, community organization, and developer perspective we see this ordinance as the essential asset to our city and is in direct support of several mayoral directives. For example, Great Streets via development in underutilized spaces, Clean Streets via providing an environment where encampments aren't necessary, Affordable Housing Development via aiding the build of 100,000 units by 2021, and this directly speaks to the Implementation of the Comprehensive Homeless Strategy by prioritizing those who seek to accept the challenge that Los Angeles faces. As a community we are committed to seeing our neighbors that do not have a home, have a home and feel that this ordinance will provide the means to see this change happen.
