Hi, Zina. Please add to Council File 17-1444 re: [8437 Carlton Way](#). This property is not subject to the capping system that may or may not mitigate cumulative impacts.

Hi, Julia.

I was sorry to hear that you did not support our appeal today. I just want to make sure that you know that this property is not subject to the capping system. The substantial number of construction sites in the very immediate vicinity of the subject property creates substantial cumulative effects.

We hope that can find more common ground with your office on future projects.

Best regard,
Ellen Evans
