Phone Number: (213) 973-9758

Email: jon.deutsch@losfeliznc.org

The Board approved this CIS by a vote of: Yea(17) Nay(0) Abstain(2) Ineligible(0) Recusal(0)

Date of NC Board Action: 07/17/2018

Type of NC Board Action: For

Impact Information

Date: 07/20/2018

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 18-0002-S83

Agenda Date:

Item Number:

Summary: Council File 18-0002-S83 Title: Net Neutrality/State and Federal Protection Position:

For Summary: Net Neutrality is necessary in order to keep the Internet open from ISP Corporations limiting access to certain segments of the internet through surcharges and fees and treat all information equally. The Internet has been a great bastion of information and interconnectedness. Allowing moneyed interests decide what people are able to access in a "pay-to-play" manner greatly hinders the capabilities and benefit to our society. There is no greater way to secure internet freedom than by the construction of a City-controlled municipal internet. This cuts out the profit margins as a bottom line and replaces them with the motive for greater access and better service, based on the users we serve here in Los Angeles. Cities such as Chattanooga, Tennessee and Lafayette, Louisiana, have seen great benefits from the creation of their own municipal internet: including City-controlled, guaranteed Net Neutrality along with internet speeds up to 100x faster than the comparable corporate package.
