**Comments for Public Posting:** ICE has no business in our communities. They use underhanded and shameful, not to mention illegal, methods to target undocumented families who are striving to do the best for their families just like any other american. ICE has a history of abuse, sexual abuse and negligence. A lot of the people being picked up have no one to defend them and have done nothing wrong besides being in the country. Koreatown and LA as a whole is a diverse and supportive community. ICE does not match or even come close to the standards in which we treat human beings. They are not welcome and we will make sure they know it. Keep ICE out of our communities.
