Summary: In the early morning hours on December 5, 2017, a wildfire broke out in the hills above Sylmar. This wildfire, later named the Creek wildfire, quickly spread to communities surrounding Sylmar and caused mass evacuations across multiple communities in the Northeast San Fernando Valley. More than 30 residential structures in Sylmar were lost or heavily damaged during the fire. The Creek Fire occurred just a few short months after the massive La Tuna Fire.

The Sylmar Neighborhood Council supports expediting the permitting process and granting fee waivers related to the reconstruction of homes and other buildings for individuals who are victims of the La Tuna and Creek wildfires.
