Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 18-0042

Agenda Date:

Item Number:

Summary: The Foothill Trails District Neighborhood Council is comprised of areas that are "Frontline Communities" to the adverse effects of climate transmigration. The communities have borne the brunt of climate change exacerbated by drought, high winds, fire (Merek, La Tuna Canyon and Creek), erratic rainfall, mudslides and debris flow. The 91342 zip code, making up a majority of this NC area, has the 5th highest rate of asthma in the San Fernando Valley. Oil industry byproducts exacerbates asthma. It is past time to take preventative steps to thwart environmental degradation and to bring about healthy climate regeneration.
