Subject: COUNCIL FILE 18-0057 DIXON REPORT

POLLS TAKEN BY BEACHWOOD DRIVE RESIDENTS IN HOLLYWOODLAND AGAINST ELIMINATING PARKING ON ONE SIDE OF THE STREET

Running tourist trams/buses to the end of Beachwood Drive
 Opening a tourist magnet at the end Of Beachwood Drive
 Eliminating parking on Beachwood Drive to make more room for pedestrian and vehicular traffic

Dear City representative,

I'm sending these documents in conjunction with the Dixon Report. This is my 4th email in a series containing different documents. Please add them to the record.

The idea of creating a tourist magnet and running tourist trams/buses up Beachwood to the dead end of the street is not a new idea. Councilman Labonge introduced it several years ago. There was a proposal to eliminate parking from one side of Beachwood Drive, a substandard street, to make more room IN the street for pedestrian and vehicular traffic with the addition of tourist trams/buses. The enclosed documents are polls signed by **the most significantly impacted residents**-those that live on Beachwood Drive in Hollywoodland. They are overwhelming against this proposal. There was **not a single resident in favor of this proposal**. These polls were sent to the City Transportation Committee along with some other docs I sent you. After the receipt of these documents, these proposals died a quick and appropriate death. We are frankly surprised they are being exhumed again. This proposal would increase, not decrease, dangerous pedestrian and vehicular congestion in the street while robbing residents of half of their parking. (Because this neighborhood was developed in the 1920's some of the garages are unaccessible to or unsuitable for modern cars. Some houses have no driveways and street parking is the ONLY option.)

In addition, since these ideas were first presented, two courts headed by two different judges have both ruled in favor of keeping access at the end of Beachwood Drive closed to the public except for Sunset Ranch access because of safety.

Also, possibly most importantly, there was a court stipulation recently agreed to by the City and the ranch, so it cannot be appealed, that there has NEVER been an official entrance into the park at the end of Beachwood Drive, because it never went through a proper process. In other words everything, the entrance, the switchback, and the now removed parking lot, were all bootlegged in. (This is also true of the yet to be litigated other "entrances" from Hollywoodland and the "view site" by Canyon Lake Drive in Hollywoodland. None are legal. All have been bootlegged in.)

If the court order is followed there will be no public access at the end of Beachwood, no running of tourist buses/trams to the end of the street, and therefore no need to eliminate parking on one side of the street to make room for those buses and pedestrians. As stated in the previous emails a full EIR would be needed in order to place this one piece into a much larger "project." It would also be met by prolonged litigation brought by residents. In the end the transformation of a vulnerable, substandard, and inappropriate residential neighborhood in a very high fire hazard severity zone with very limited egress and ingress, into a formal tourist attraction for the Hollywood Sign known throughout the world, would be extremely dangerous for residents and visitors. The potential liability for the City would be immense.

Safety must take the highest priority.

I have lived here for 41 years and cannot park in my garage because the access is too steep for my car. I have always parked on the street.

I am unable to attend the meeting. I will be out of town.

Dear Neighbor, please read the above petition, as you will be affected by Labonge's new-old proposal, since there will be NO parking, a red curb that runs from the market to the top of Beachwood's east side of the street. Please return ASAP *Yvonne* to 2815 N. Beachwood Dr. or call if I will pick up 323 632 8012
