To Los Angeles City Council Members:

re: meeting on September 26

In reference to the hiking trails in the Lake Hollywood-Griffith Park area: the negative impact of hikers on the upper Wonder view residents (3500-3600 block) would be much alleviated by closing the LADWP gate at the end of Wonder View Drive to hikers and moving the trail access to another location lower down on Lake Hollywood Drive.

It has now been several years that we Wonder View homeowners, taxpayers, and residents have been beleaguered by the huge influx of hikers on our road. Thank you for your consideration.

Yours truly,

Judith and Rene Auberjonois
3629 Wonder View Drive
Los Angeles, CA 90068
