Summary: The Encino Neighborhood Council recommends that the American Green Zone Alliance (AGZA), be the organization that helps the City of Los Angeles with their zero emissions maintenance equipment pilot project, in order to avoid common problems that may arise in transitioning untrained staff. AGZA is the certification organization that helped the City of South Pasadena achieve their ground breaking zero emission operations for all city properties, and is the most qualified and experienced consultancy to ensure the City's program success. The ENC supports the City's pilot program and urges to implement AGZA's Green Zone certification throughout its parks and golf courses.
