

MOTION

The City has owned the property located at 5601 N. Figueroa Avenue in Council District 1 since 2007. It is located within the Highland Park neighborhood. The building at this site is currently vacant and is in need of repairs in order for it to be occupied for a public purpose.

Highland Park is a historic neighborhood in Northeast Los Angeles. Angelenos often visit the many shops, restaurants, and landmarks along Figueroa Avenue in Highland Park. Repairing the building located at 5601 N. Figueroa Avenue would better serve the surrounding community and the numerous Angelenos who come to visit this area of Highland Park.

I THEREFORE MOVE that the City Council instruct the Department of General Services, with assistance from the City Administrative Officer, to report on repairs and improvements necessary at 5601 N. Figueroa Avenue in order to occupy it, along with the costs and timeline to complete the work.
