Summary:

At a special meeting held on October 24, 2018, the Public Safety Committee considered City Attorney reports and draft Ordinances regarding permitting for temporary use of premises as a place of assemblage. Staff from the LAFD answered questions and concerns presented by the Council members, such as, definition of assemblage, unattended consequences, larger implementation for smaller groups or community opportunities, and having the opportunity for Cultural Affairs, Department of City Planning and the general public to provide feedback and weigh in on the matter. After an in depth discussion and an opportunity for public comment, the Committee recommended to receive and file the reports and the Ordinances. This matter is now submitted to the Council for consideration.

Respectfully Submitted,
