

## **CONDITIONS FOR EFFECTUATING [T] TENTATIVE CLASSIFICATION REMOVAL**

Pursuant to Section 12.32 G of the Municipal Code, the (T) or [T] Tentative Classification shall be removed by the recordation of a final parcel or tract map or by posting of guarantees through the B-permit process of the City Engineer to secure the following without expense to the City of Los Angeles, with copies of any approval or guarantees provided to the Department of City Planning for attachment to the subject planning case file.

1. Dedications and Improvements. Prior to the issuance of any building permits, public improvements and dedications for streets and other rights-of-way adjoining the subject property shall be guaranteed to the satisfaction of the Bureau of Engineering, Department of Transportation, Fire Department (and other responsible City, regional, and Federal government agencies as may be necessary).

### A. Responsibilities/Guarantees.

1. As part of early consultation, plan review, and/or project permit review, the applicant/developer shall contact the responsible agencies to ensure that any necessary dedications and improvements are specifically acknowledged by the applicant/developer.
2. Prior to the issuance of sign-offs for final site plan approval and/or project permits by the Department of City Planning, the applicant/developer shall provide written verification to the Department of City Planning from the responsible agency acknowledging the agency's consultation with the applicant/developer. The required dedications and improvements may necessitate redesign of the project. Any changes to the project design required by a public agency shall be documented in writing and submitted for review by the Department of City Planning.

### B. Improvements Required.

**Los Angeles Street** – Repair all broken, off-grade, or bad order concrete sidewalk, curb and gutter along the property frontage.

Install tree wells with root barriers and plant street trees satisfactory to the City Engineer and the Urban Forestry Division of the Bureau of Street Services. The applicant should contact the Urban Forestry Division for further information (213) 847-3077.

Notes: Street lighting may be required satisfactory to the Bureau of Street Lighting (213) 847-1551.

Department of Transportation may have additional requirements for dedication and improvements.

2. Roof drainage and surface run-off from the property shall be collected and treated at the site and drained to the streets through drain pipes constructed under the sidewalk through curb drains or connections to the catch basins.
3. Sewer lines exist in Los Angeles Street. Facilities Charges and Bonded Sewer Fees are to be paid prior to obtaining a building permit.

4. An investigation by the Bureau of Engineering Central District Office Sewer Counter may be necessary to determine the capacity of the existing public sewers to accommodate the proposed development. Submit a request to the Central District Office of the Bureau of Engineering at (213) 482-7050.
5. Department of Transportation. DOT recommends that a construction work site traffic control plan be submitted to DOT for review and approval prior to the start of any construction work. The plan should show the location of any roadway or sidewalk closures, traffic detours, haul routes, hours of operation, protective devices, warning signs and access to abutting properties. DOT also recommends that all construction related traffic be related to off-peak hours.
6. Street Lighting: Install street lights to the satisfaction of the Bureau of Street Lighting.
7. Urban Forestry – Street Trees: The developer shall plant street trees and remove any existing trees within dedicated streets or proposed dedicated streets as required by the Urban Forestry Division of the Bureau of Street Services. All street tree plantings shall be brought up to current standards. The actual number and location of new trees shall be determined at the time of tree planting. The contractor shall notify the Urban Forestry Division at 213-847-3077 five working days prior to constructing the side walk for marking of the tree locations and species.

Note: Removal of parkway trees or Protected Trees requires the Board of Public Works' approval. Contact Urban Forestry Division at 213-847-3077 for tree removal permit information

8. Fire Department. Prior to the issuance of building permit, a plot plan shall be submitted to the Fire Department for approval.

Notice: If conditions dictate, connections to the public sewer system may be postponed until adequate capacity is available.

Notice: Certificates of Occupancy for the subject property will not be issued by the City until the construction of all the public improvements (streets, sewers, storm drains, etc.) as required herein, are completed to the satisfaction of the City Engineer.
