**RE: Clarification of Appeal – 800 South Western Avenue Project
CPC-2016-3608-GPA-VZC-HD-DB-MCUP-CU-SPR and ENV-2016-3609-
MND – Council File #18-0325**

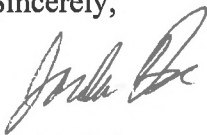

Dear Ms. Wan,

This letter clarifies the appeal of the above-referenced Project located at 800 South Western Avenue, filed on April 9, 2018 by Jordan Fein on behalf of Natalie Schuman and UNITE HERE Local 11. We are appealing the Project's approval in part, including the approval of the Mitigated Negative Declaration, the Master Conditional Use Permit, the Conditional Use Permit and the Site Plan Review.

Although the clerk at Development Services who received the appeal and I had a shared understanding that we were appealing the approvals listed above, I was erroneously instructed by the clerk to indicate on the appeal application that we were appealing certain *conditions* of approval. We are not appealing specific conditions of approval; rather, we are appealing the Project itself and the above-mentioned approvals.

Thank you for your attention to this matter. I ask that this letter be placed in the administrative record and council file for this project.

Sincerely,

Jordan Fein
