To whom it may concern,

I fully support the proposal council member Paul Kortez has proposed in support of allowing pets in city public housing.

I currently live in Los Angeles and am still renting out of my Mother's home as I cannot find a place that will accept my two dogs and I. I work a full time job and have a part time job and sadly cannot find a place for me and my two loving dogs. I could not imagine if I didn't have my mothers home to turn to. I would have no other place to go but the streets as I would never abandon my dogs as they are my family.

This issue is of a high priority to me and many others. Please consider this proposal.

Thank you!
