Re: Environmental Objection to Proposed Temporary Homeless Shelter Proposed at 682 S. Vermont, Los Angeles, CA; Council File No. 18-0392

Dear Honorable Committee Members:

This firm represents No 682 Vermont, a group newly formed to protest the proposed location of a temporary homeless shelter on a City-owned parking lot at 682 Vermont in Koreatown ("Project"). The group is particularly concerned with the lack of notice, the failure to allow public input and the inadequate alternatives evaluation conducted by the City. Moreover, my client is gravely concerned that the City is moving forward with the Project without complying with the California Environmental Quality Act ("CEQA").

I. The Proposed Actions

The City is considering taking the proposed actions today:

Action No. 1

I THEREFORE MOVE that the City Council instruct the City Administrative Officer, with the assistance of the Chief Legislative Analyst, the Bureau of Engineering, Los Angeles Homeless Services Authority, and any other affected City stakeholders, to evaluate the City-owned LADOT Parking Lot located at 682 S. Vermont Avenue (Lot 691) to determine if the property is suitable for development as a crisis and bridge housing facility.

Action No. 2

I FURTHER MOVE that if the property is determined to be suitable for development as crisis and bridge housing facility, the City Council instruct the City Homeless Coordinator to coordinate with Los Angeles County to identify funds for operations at this site, including, but not limited to County Measure H revenue.

II. The City has Failed to Undertake Any Environmental Analysis Whatsoever

The City has failed to do any analysis for the proposed Project. The law is clear that a public agency cannot defer environmental review until after a decision is made on a project – this applies to any approval. CEQA Guidelines, section 15004(a), entitled “Time of Preparation,” states as follows: “Before granting any approval of a project subject to CEQA, every Lead Agency or Responsible Agency shall consider a final EIR or Negative Declaration or another document authorized by these Guidelines to be used in the place of an EIR or Negative Declaration.” (emphasis added). This was long ago established by the California Supreme when it stated “If postapproval environmental review were allowed, EIR’s would likely become nothing more than post hoc rationalizations to support action already taken.” *Laurel Heights Improvement Ass’n v. Regents of Univ. of Cal.* (1988)

An agency has no discretion to define approval so as to make its commitment to a project precede the required preparation of an EIR. *Save Tara v. City of West Hollywood* (2008) 45 Cal.4th 116, 132. CEQA Guidelines Section 15352(a) states that “‘Approval’ means the decision by a public agency which commits the agency to a definite course of action in regard to a project intended to be carried out by any person. The exact date of approval of any project is a matter determined by each public agency according to its rules, regulations, and ordinances. *Legislative action in regard to a project often constitutes approval.*”

There is no question that the City is poised to commit itself to a definite course of action by adopting the proposed Motion. Therefore, CEQA is triggered.

III. The California Environmental Quality Act

a. Purpose of California’s Environmental Protection Statute

The California Environmental Quality Act is California’s broadest environmental law. CEQA helps to guide public agencies such as the City during issuance of permits and approval of projects. Courts have interpreted CEQA to afford the fullest protection of the environment within the reasonable scope of the statutes. CEQA applies to all discretionary projects proposed to be conducted or approved by a City, including private projects requiring discretionary government approval. *See* California Public Resources Code, sections 21000 - 21178, and Title 14 Cal. Code Regs., section 753, and Chapter 3, sections 15000 - 15387.

b. CEQA’s Broad Definition of a “Project” Includes All Phases of a Development

“CEQA broadly defines a ‘project’ as ‘an activity which may cause either a direct

physical change in the environment, or a reasonably foreseeable indirect physical change in the environment, and ... that involves the issuance to a person of a lease, permit, license, certificate, or other entitlement for use by one or more public agencies.’ [Citation.] The statutory definition is augmented by the [CEQA] Guidelines [Cal.Code Regs., tit. 14, § 15000 et seq.], which define a ‘project’ as ‘*the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment....*’” *Tuolumne County Citizens for Responsible Growth, Inc. v. City of Sonora* (2007) 155 Cal.App.4th 1214, 1222, 66 Cal.Rptr.3d 645 (*Tuolumne County*). This includes all phases of a project that are reasonably foreseeable, and all related projects that are directly linked to the project. (CEQA Guidelines section 15378).

c. CEQA Has a Strong Presumption in Favor of EIR Preparation

A strong presumption in favor of requiring preparation of an Environmental Impact Report (“EIR”) is built into CEQA which is reflected in what is known as the “fair argument” standard, under which an agency must prepare an EIR whenever substantial evidence in the record supports a fair argument that a project may have a significant effect on the environment. *No Oil, Inc. v. City of Los Angeles* (1974) 13 Cal.3d 68, 75, 82; *Friends of “B” St. v. City of Haywood* (1980) 106 Cal.App.3d 988, 1002.

“The EIR is the primary means of achieving the Legislature's considered declaration that it is the policy of this state to ‘take all action necessary to protect, rehabilitate, and enhance the environmental quality of the state.’ [Citation.] The EIR is therefore ‘the heart of CEQA.’ [Citations.] An EIR is an ‘environmental “alarm bell” whose purpose it is to alert the public and its responsible officials to environmental changes before they have reached ecological points of no return.’” *Laurel Heights Improvement Assn. v. Regents of University of California* (1988) 47 Cal.3d 376, 392.

Under CEQA and the CEQA Guidelines, if a project is not exempt and *may* cause a significant effect on the environment, the agency *must* prepare an EIR. PRC §§ 21100, 21151; 14 Cal. Code Regs. §15064(a)(1), (f)(1). "Significant effect upon the environment" is defined as "a substantial or potentially substantial adverse change in the environment." PRC §21068; 14 Cal Code Regs §15382. A project "may" have a significant effect on the environment if there is a "reasonable probability" that it will result in a significant impact. *No Oil, Inc. v. City of Los Angeles* (1974) 13 Cal.3d 68, 83 n.16; *Sundstrom v. County of Mendocino* (1988) 202 Cal.App.3d 296, 309, 248 CR 352. This standard sets a "low threshold" for preparation of an EIR. *Pocket Protectors v. City of Sacramento* (2004) 124 Cal.App. 4th 903, 928; *Bowman v. City of Berkeley* (2004) 122 CA4th 572, 580; *Citizen Action to Serve All Students v. Thornley* (1990) 222 CA3d 748, 754; *Sundstrom v. County of Mendocino* (1988) 202 CA3d 296, 310.

IV. There are Potentially Significant Impacts Associated with the Proposed Temporary Homeless Shelter.

While the City’s goals to provide shelter for the homeless is laudable and supported by my client, there is no dispute in the environmental community that there are environmental impacts associated with such shelters.¹ This is because they intensity many of the environmental

¹ See, for example, <http://www.piercecountywa.org/DocumentCenter/View/44600/Environmental-Impacts-of-Homeless-Encampments> which describes the environmental impacts of encampments in just one study location.

harms associated with homeless (unsanitary conditions, refuse, trash, etc.) and necessarily relocate said impacts closer to the shelter. There may be measures that the City can undertake to mitigate these impacts under CEQA, but that does not excuse conducting the required analysis, providing public comment and adopting appropriate mitigation measures. The typical environmental factors that should be evaluated in such a study are shown below.

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" as indicated by the checklist on the following pages.

- | | | |
|--|---|---|
| <input type="checkbox"/> Aesthetics | <input type="checkbox"/> Agriculture Resources | <input type="checkbox"/> Air Quality |
| <input type="checkbox"/> Biological Resources | <input type="checkbox"/> Cultural Resources | <input type="checkbox"/> Geology/Soils |
| <input type="checkbox"/> Hazards & Hazardous Materials | <input type="checkbox"/> Hydrology/Water Quality | <input type="checkbox"/> Land Use/Planning |

| <input type="checkbox"/> Public Services | <input type="checkbox"/> Recreation | <input type="checkbox"/> Transportation/Traffic |
| <input type="checkbox"/> Utilities/Service Systems | <input type="checkbox"/> Mandatory Findings of Significance | |

V. Conclusion

The City must comply with CEQA before adopting the proposed Motion. I may be contacted at 310-982-1760 or at jamie.hall@channellawgroup.com if you have any questions, comments or concerns.

Sincerely,

Jamie T. Hall

Re: File # 18-0392 CD10

First of all, I want to thank you for all the hard work you do for the city of Los Angeles.

I am writing to echo what Ron Kim, the spokesman for "No Shelter in 682 Vermont" has said,

"...I think we could all agree the problem of the situation with the homeless is real and a national tragedy. But, it calls for a really comprehensive solution. It does not call for targeting one portion of one city council person's district, CD 10 of Herb Wesson's district, the Koreatown portion of his district. Not the South LA portion of his district or other portions of his district, but to focus only on Koreatown and in effect, ambush us by subjecting us to an unfair process where we have not been allowed a single public hearing for our concerns to be voiced. It's a fundamentally unfair process."

Sincerely,
Eun Jung Ahn

Dear LA City Council and Councilman Wesson,

My name is Sarah Kim who owns a business in Los Angeles Downtown.
I've been watching and supporting the crowd against the new shelter being planted in the heart of Korea town.

We all know the shelter for homeless creates a big change in any town. Far more negative aspects than positive in terms of safety and hygiene for residents in all ages, specially for little kids and youth.

It is very disturbing that the county makes this huge decision without a public hearing.

I, as part of the Korean Community demand an IMMEDIATE PUBLIC HEARING to review the homeless shelter project in any part of Korea Town before City Councils make any further progress.

Best regards,
Sarah Kim
