Re: File # 18-0392 CD10

I would like to express my concern regarding on your plan of developing the shelter for homeless people in the very center of Korea town without any public hearing. I cannot help but being in aghast for the fact that this process is actually happening in the USA.

Please offer public hearing to the residents and business tenants for whom this plan significantly affects their lives. This is the matter of safety and satisfaction of your voters and their children.

Please reconsider your plan and go through the proper process that the residents can be all in agreement.

Thank you kindly,
Hea Lan Yoon
