no shelter on 682 s vermont without public hearing

682 S vermont is way small of space to accommodate homeless numbers in the area and this gesture by the mayor is only a show for his election purpose.

The business owners in the area will be the ones whom will bear the cost of loss if the shelter operation fails.

How can the city push for such an important agenda without offering proper public hearing process by selling out homeless community.

Mr Garcetti, remember this kind of your Don Quixote like malpolitical maneuver may costs you the election.
