Honorable Councilmembers:

I am in the community adjacent to the Westwood and Sepulveda Expo Light Rail stations and I support the modifications to the Exposition Corridor Transit Neighborhood Plan (ECTNP) recommended by Council District 5. These important changes were unanimously approved by the Planning and Land Use Management Committee at its regular meeting on June 26, 2018, and mirror the Planning Department's October 2017 recommendations, which were made after four years of analysis and community outreach.

I specifically support the following modifications:

- Establishment of the Neighborhood Mixed-Use (NMU) Zone, proposed by CD5 for properties on Pico Boulevard between Sepulveda Boulevard and Overland Avenue.

- Removal of rezoning for properties on Exposition Boulevard between Military Avenue and Kelton Avenue.

I urge you to follow the PLUM Committee's recommendation by voting to approve the ECTNP with the modifications noted above.

Thank you for your consideration,

Re: Council File 18-0437 - Exposition Corridor TNP: Support the Modifications Recommended by CD 5 and Approved by PLUM Committee

Honorable Councilmembers:

I live in close proximity to the Westwood and Sepulveda Expo. Light Rail stations, and I understand and agree with the effort to build more housing in our area. I believe, as do my neighbors, that the establishment of the Neighborhood Mixed Use (NMU) Zone proposed by CD5 for Pico Blvd. from Sepulveda Blvd to Overland Avenue will meet the goals for growth in new housing. These important modifications were unanimously approved by the PLUM Committee at its regular meeting on June 26th, 2018 and mirror the Planning Department's October 2017 recommendations, which were made after 4 years of analysis and extensive community outreach and participation.

I support the following modifications:

1). Establishment of the Neighborhood Mixed-Use (NMU) Zone proposed by CD5. for Pico between Sepulveda and Overland Avenues.

2). Removal of rezoning for properties on Exposition Blvd. between Military and Kelton Avenues.

I urge you to follow the PLUM Committee's recommendation by voting to approve the ECTNP with the modifications noted above.

Thank you for your consideration.

RE: Council File: 18-0437 - Exposition Corridor TNP: SUPPORT the Modifications Recommended by CD5 and Approved by PLUM Committee

Honorable Councilmembers:

I live in the community adjacent to the Westwood and Sepulveda Expo Light Rail stations and I support the modifications to the Exposition Corridor Transit Neighborhood Plan (ECTNP) recommended by Council District 5. These important changes were unanimously approved by the Planning and Land Use Management Committee at its regular meeting on June 26, 2018, and mirror the Planning Department's October 2017 recommendations, which were made after four years of analysis and community outreach.

Specifically, I support the following modifications:

- Establishment of the Neighborhood Mixed-Use (NMU) Zone, proposed by CD5 for properties on Pico Boulevard between Sepulveda Boulevard and Overland Avenue.
- Removal of rezoning for properties on Exposition Boulevard between Military Avenue and Kelton Avenue.

I urge you to follow the PLUM Committee's recommendation by voting to approve the ECTNP with the modifications noted above.

Thank you for your consideration,

Craig Weller

Honorable Councilmembers:

I support the modifications that were recommended on Tuesday by Council District 5. I live in the boundaries of Westwood Gardens and am happy to see that the Planning and Land Use Committee also unanimously approved them.

I attended the PLUM meeting on June 26th to voice my approval of the October recommendations that had taken four years of community outreach and analysis and to voice my concern over the subsequent hijacking of that process which happened with zero community representation behind closed doors.

This has been a thriving and close knit community for almost 100 years. Our residents realize that we need to contribute to the housing crisis that has affected our state. The 600 unit building going up and the 90 unit building in permit phase show our commitment to do our part. Indeed, with four years of work from our community members, we have even managed to exceed the city's expectations whilst at the same time taken important steps to ensure that our spirit and identity are not stripped away with the dollar signs of greedy developers.

Specifically, I support establishment of the Neighborhood Mixed-Use (NMU) Zone, proposed by CD5 for properties on Pico Boulevard between Sepulveda Boulevard and Overland Avenue and removal of rezoning for properties on Exposition Boulevard between Military Avenue and Kelton Avenue.

I urge you to follow the PLUM Committee's recommendation by voting to approve the ECTNP with the modifications noted above.

Thank you for your consideration,

Dear Honorable Council Members,

First off, let me thank you for the service you provide as public servants for our Los Angeles neighborhoods.

I have only lived in this area of the westside of the 405 for 7 years, and even in that short time I have seen our community go through many changes. I thank you for approving the restrictions on the overbuilding of single family homes on our lots, although, what still gets built looks like mansions to me.

As a resident of the community adjacent to the Westwood and Sepulveda Expo Light Rail stations, I am writing to voice my support for the modifications to the Exposition Corridor Transit Neighborhood Plan (ECTNP) recommended by Council District 5. These important changes were unanimously approved by the Planning and Land Use Management Committee at its regular meeting on June 26, 2018, and mirror the Planning Department's October 2017 recommendations, which were made after four years of analysis and community outreach.

Honorable Councilmembers:

As a resident of the community adjacent to the Westwood and Sepulveda Expo Light Rail stations, I am writing to voice my support for the modifications to the Exposition Corridor Transit Neighborhood Plan (ECTNP) recommended by Council District 5. These important changes were unanimously approved by the Planning

and Land Use Management Committee at its regular meeting on June 26, 2018, and mirror the Planning Department's October 2017 recommendations, which were made after four years of analysis and community outreach.

Specifically, I support the following modifications:

- Establishment of the Neighborhood Mixed-Use (NMU) Zone, proposed by CD5 for properties on Pico Boulevard between Sepulveda Boulevard and Overland Avenue.
- Removal of rezoning for properties on Exposition Boulevard between Military Avenue and Kelton Avenue.

I urge you to follow the PLUM Committee's recommendation by voting to approve the ECTNP with the modifications noted above.

Thank you for your consideration,
