To the office of the City Clerk:

Attached please find our West Hills Neighborhood Council Resolution stating our objections to Council File 18-0467 raising the minimum age of we want to continue with our format. Our board consists of 25 members at large without a designated Student Member. We do not always have a student available or qualified for an at large position. But, should we have an opening and a student wants to apply, they go through the same process as a regular board member.

One of the ideas behind the formation of Neighborhood Councils was to keep the identity of the individual neighborhoods and give them more autonomy. Every neighborhood is different and for City Council telling us who can be a board member eliminates that autonomy.

We sincerely hope you reconsider the position stated in Council File 18-0467. Thank you.
