Sir—

As a Los Angeles resident, I would like to add my name to the effort to ban the manufacture and sale of fur products in the City of Los Angeles. This practice is unspeakably inhumane to the animals affected. It has a terrible effect on the environment. And it serves no purpose other than to bolster the vanity of individuals with more dollars than sense.

I strongly encourage the City Council to ban the manufacture and sale of fur products in Los Angeles.

Thanks,
Steve Stein
