Dear Sir:

I'm writing in support of Council File 18-0538—which would ban the sale and manufacture of fur products in Los Angeles. I'm a resident of LA, my address is
[1670 Manning Ave. #204](#)
[LA CA 90024](#)

I find fur to be a horrific byproduct of tremendous pain, anguish, torment and suffering of innocent, sentient beings, who feel pain and suffering every bit as much as any other mammal, including ourselves. Please support this Council File and help to rid LA of this sickening product once and for all. Thank you!

Sincerely,

Sandra Zaninovich
