City Council,

I urge you to pass the motion banning fur sales in Los Angeles.

There are so many reasons to do so including the following shocking facts:

Eighty-five percent of the fur industry's skins come from animals who were held captive on fur factory farms, where they were crammed into severely crowded, filthy wire cages. Many were later beaten or electrocuted—and sometimes even skinned alive.

This is too important to ignore. I implore you to stop the suffering of animals.

Thank you,
