Hello Mr. Lid:

I am a lifetime resident of Los Angeles and am writing to voice my support for Council File 18-0538 banning the sale and manufacture of fur in Los Angeles. Fur is obtained in the most shocking and cruel ways, and it's only the animals that suffer. There is no place for such depravity in a modern and conscientious place like Los Angeles. Please help be the voice of the long suffering animals and put a stop to their torment.

My address is [363 Museum Drive, Los Angeles CA 90065](#). Thank you for your time and attention to this serious issue.

Sincerely,  
Priscilla Johnston
