Dear Sir

I am writing to you to express my support for the fur ban proposed in council file 10-0538. The fur industry is guilty of extensive and well-documented cruelty to animals and as a citizen of Los Angeles I don't think it has a place here in this city. There is no need to have fur items- they are just a frivolous that all here can do without so that we are not supporting an industry built on cruelty and suffering. Please note that I am in favor of this ban and am proud to know my city will stand up for what is right.

Best regards,
Jennifer Pollak
