Item Number:

Summary: Community Impact Statement re CF 18-0600-S139 For, if amended "As written, CF 18-0600-S139 would create a new line item in the Unappropriated Balance for Tree Maintenance and Urban Forestry Program and instruct the Bureau of Street Services to report with a comprehensive plan to address the removal of dead trees, planting of new trees and maintenance of the existing street tree inventory on an ongoing basis and include a staff plan using Targeted Local Hires to the greatest extent possible. We suggest adding "creation of a tree census" to the budget line item. A professional census is the foundation of a healthy urban forest. Not having an accurate census is pennywise and pound-foolish. It will take some time and money, but it will greatly improve the work down the road to be able to make intelligent choices faster for replacing trees."

Community Impact Statement re CF 18-0600-S139

For, if amended

“As written, CF 18-0600-S139 would create a new line item in the Unappropriated Balance for Tree Maintenance and Urban Forestry Program and instruct the Bureau of Street Services to report with a comprehensive plan to address the removal of dead trees, planting of new trees and maintenance of the existing street tree inventory on an ongoing basis and include a staff plan using Targeted Local Hires to the greatest extent possible.

We suggest adding “creation of a tree census” to the budget line item. A professional census is the foundation of a healthy urban forest. Not having an accurate census is pennywise and pound-foolish. It will take some time and money, but it will greatly improve the work down the road to be able to make intelligent choices faster for replacing trees.”
