

ADOPTED BUDGET RECOMMENDATION

Instruct the Bureau of Sanitation to report to the Energy, Climate Change, and Environmental Justice Committee relative to the Watershed Protection Division and the status of addressing upcoming federally-mandated Total Maximum Daily Load requirements, the cost to the City if the requirements are not met, and whether any cost would be funded from the General Fund. The report should address the consequences if the County's stormwater funding effort fails, and an overall detailed funding strategy moving forward.
