Budget and Finance Committee
City Clerk
Room 395 City Hall
Los Angeles, CA 90012

Honorable Members of the Budget and Finance Committee:

2018-2019 PROPOSED BUDGET

After careful review of the 2018-2019 Proposed Budget for the Bureau of Street Lighting, I have no additional items or significant changes to request. This budget has provided the necessary resources to operate and maintain approximately 220,000 streetlights citywide.

We respectfully request one minor technical correction noted below.

Technical Correction – The Bureau is requesting a technical correction to add the list of equipment funded in the budget to the "Fleet Vehicles and Equipment List". Funding was provided in MICLA of \$3M to replace seventeen (17) aging fleet equipment and vehicles and \$1.985M to purchase twelve (12) new fleet equipment and vehicles but the list of equipment was inadvertently omitted from the appropriate list.

Should you have questions or require additional information, please contact me at (213) 847-2090.

Sincerely,

Norma Isahakian, Executive Director
Bureau of Street Lighting
