Dear City Clerk,

I'm writing on the behalf on the Banning Wrigley Historic Neighborhood Watch and requesting that you please enter this correspondence into each of the above referenced and related Council Files.

This letter confirms that despite the existence of Council File# 18-0651-S2, 18-0651-S3 and Council File# 18-0651-S1, no action has been taken. We also assert that without a full Environment Impact Report neither the Wilmington or San Pedro sites should move forward. We also OBJECT to the separation of this council file as correct record keeping is the utmost of importance. Currently there are three council files that have been created (18-0651-S1, 18-0651-S2 and 18-0651-S3) that were introduced on date when there was no meeting, no motion and no voting. How is this possible?

In an effort to insure transparency and to insure all records are accurate and easily accessible it is in the best interest of the public to keep this as one council file under the original number 18-0651.

Sincerely,

Simie Seaman
