Dear Councilmember Buscaino:

I am in support of Mayor Garcetti's Bridge Home project sites located in San Pedro, Wilmington, and Watts. As a Council District 15 stakeholder/resident, I am very concerned for the wellbeing of our more than 1,790 neighbors experiencing homelessness throughout the Council District.

It is imperative that we address this crisis in a swift, strategic, and responsive manner. I believe that the Bridge Home projects are a necessary part of the homeless service continuum while we are waiting for more affordable and supportive housing resources to be developed to address this crisis in a more permanent manner.

Thank you for your leadership on this issue.
