Comments for Public Posting: I am opposed to the bridge housing at 515 N. Harbor Blvd. in San Pedro. There is a preschool just a couple of blocks away as well as a center for handicapped adults. Since the residents of the bridge housing will not be tested for drugs and alcohol there is great risk to those who use both of these facilities who cannot defend themselves from violent and unpredictable behaviors. This facility will destroy the ambiance of our waterfront promenade and fanfare fountain. The loitering will not be able to be controlled and the residents nearby will suffer the consequences of this very bad decision. Their property values will suffer as well. This project is a slap in the face to those who have built this community from the ground up! Many generations have taken pride in San Pedro and what it stands for, and for any elected official to basically deface our community in this manner, and call drug addicts and mentally ill "houseless" to justify some self-serving scenario will go down as his legacy if this fiasco is funded and built as planned.
