Good Afternoon, Mr. Espinosa,

My name is Shanna Loveman and I am writing to submit public comment ahead of today's hearing (Council File 18-0707 - the Cherokee Trees agenda item). As a frequenter of North Cherokee Avenue, I urge you to please continue this decision so that the new Director of Street Services and Councilmember Ryu can explore alternative solutions in concert with residents and in accordance with CEQA.

If Santa Monica and Pasadena and Seattle can do it, so can we, right?! L.A. is just as, if not more, progressive in so many respects; this is another opportunity to show the rest of the country where we can take what's out there and bring it to the next level, even better than what's been done before.

If you haven't yet visited North Cherokee, I invite you to stop by and experience for yourself why the trees are so treasured.

Thank you for your true care about the health and well-being of L.A.'s residents,

Shanna
