

CONDITIONS OF APPROVAL

As Modified by the City Planning Commission on July 12, 2018

Pursuant to Sections 12.24, and 16.05 of the Los Angeles Municipal Code, the following conditions are hereby imposed upon the use of the subject property:

1. **Uses.** All other use, height and area regulations of the Municipal Code and all other applicable government/regulatory agencies shall be strictly complied with in the development and use of the property, except as such regulations are herein specifically varied or required. Uses. The project size shall not exceed the following: a) 475 live/work units; b) 15,815 square feet of arts and production/commercial space; c) a 15,102 square-foot full-service grocery store; d) 9,943 square feet of commercial/retail space and e) 16,140 square feet for restaurant, café, or bar uses and 4,200 square feet of other supporting space. Uses allowed in the C2 Zone are allowed in the project.
1. **Development.** The use and development of the property shall be in substantial conformance with the plot plan submitted with the application and marked Exhibit "A", stamp dated July 2, 2018, except as may be revised as a result of this action. No change to the plans will be made without prior review by the Department of City Planning, and written approval by the Director of Planning, with each change being identified and justified in writing. Minor deviations may be allowed in order to comply with provisions of the Municipal Code, the subject conditions, and the intent of the subject permit authorization.
2. **Graffiti.** All graffiti on the site shall be removed or painted over to match the color of the surface to which it is applied within 24 hours of its occurrence.
3. A copy of the first page of this grant and all Conditions and/or any subsequent appeal of this grant and its resultant Conditions and/or letters of clarification shall be printed on the building plans submitted to the Development Services Center and the Department of Building and Safety for purposes of having a building permit issued.
4. **Electric Vehicle Parking.** The project shall include at least 20 percent of the total code-required parking spaces capable of supporting future electric vehicle supply (EVSE). Plans shall indicate the proposed type and location(s) of EVSE and also include raceway method(s), wiring schematics and electrical calculations to verify that the electrical system has sufficient capacity to simultaneously charge all electric vehicles at all designated EV charging locations at their full rated amperage. Plan design shall be based upon Level 2 or greater EVSE at its maximum operating ampacity. In addition, five percent of the total code required parking spaces shall be further provided with EV chargers to immediately accommodate electric vehicles within the parking areas. When the application of either the required 20 percent or five percent results in a fractional space, round up to the next whole number. A label stating "EVCAPABLE" shall be posted in a conspicuous place at the service panel or subpanel and next to the raceway termination point.
5. The project shall comply with the Los Angeles Green Building Code, Section 95.05.211, to the satisfaction of the Department of Building and Safety.
6. **Landscaping.** All open areas not used for buildings, driveways, parking areas, recreational facilities or walks shall be attractively landscaped, including an automatic irrigation system, and maintained in accordance with a landscape plan prepared by a licensed landscape architect or licensed architect, and submitted for approval to the Department of City Planning.
7. **Lighting.** All outdoor lighting shall be shielded and down-casted within the site in a manner that prevents the illumination of adjacent public rights-of-way, adjacent properties, and the

night sky (unless otherwise required by the Federal Aviation Administration (FAA) or for other public safety purposes). Areas where retail and restaurant uses are located shall be maintained to provide sufficient illumination of the immediate environment so as to render objects or persons clearly visible for the safety of the public and emergency response personnel.
