Comments for Public Posting: Dear Council Members, No doubt Westwood Village needs to become a more vibrant community. But to eliminate/reduce parking and increase fast, casual restaurants is a knee jerk reaction. It will only exacerbate traffic and make a once glamorous village, a glorified food court. Time should be spent increasing density, removing landmark designations (less and less people go to the theater), and building city parking structures to accommodate the density. Store fronts are vacant because Landlords and developers in this neighborhood want to build beautiful projects that are relevant for today's needs (affordable apartment buildings and cutting edge office buildings). Merely allowing more restaurants is not a thoughtful approach. Thank you.
