Dear Public Safety Committee,

I'm writing you this letter for invoice number BC18007187 to appeal the recent conclusion of the Brush Clearance Unit. I'm thankful for the 20% reduction of my bill, however \$12,160 is still a very high amount for me to pay. I was told at the first appeal that there was a 5x8 note posted on one of the trees which is 200 yards away from the street. The note stated that I wasn't compliant but didn't specify on what I had to do the additionally to be compliant. I do not live on this property and I never saw the alleged note on the tree that was posted 200+ yards away from the street and not noticeable. I pass by the property all the time and never noticed the note on the tree. I have never had any issues with making sure all my properties are compliant with all safety regulations. I am appealing this invoice for the second time in hopes of a favorable outcome. This is a financial hardship for me. Thank you in advance for your understanding.

Sincerely ,
Avetis Avetisyan
