General Public Comment

Public comment

I'm glad you put public comment back before hearing on all items. This is where it should be to provide an opportunity for the public to speak on items prior to them being held in proper due process. I understand young PW and people can be disruptive, but like seriously that's where it needs to be.

Voting

Also, just so you guys know, you really need to actually vote. I don't know what's going on, if it's like pre-recorded votes from earlier ? pre-decided ? I don't know the rules on that yet, I haven't read them yet. But I don't think that would be kosher at our forum. I think there needs to be more real discussion, and actual voting. It may take longer, but I think we'll do better work. I don't think we need to move so fast.

Agenda Items

Item 1 - File# 18-1130

Liquor license Nordhoff St. in Northridge.

Yes. Just make sure to consider the neighbors. I'm not sure the end-time of the alcohol license and the character of the area.

Would have been cool to talk to them directly.

Item 2 - File# 18-1110

Adopt-a-Median program => community beautification projects on prow

Yeah let's do this. Let's talk about some projects. I already have one in mind.

Item 3 - File# 18-1114

Resurface hillside streets.

Yes.

Item 4 - File# 18-1237

Conflict of Interest Code change in retirement system.

I'm not sure what this entails.

Item 5 - File# 18-1238

Changing disclosure requirements for lobbying/campaigning.

I didn't read the attachments, but I think if someone gives you a fat hook-up it should be reported. If they provide for you as part of your monthly expenses, I think it should be reported.

Item 7 - File# 19-0002-S7

Official position of support for learning, arts, and the humanities.

Yes.

Item 8 - File# 18-1229

Motorola contract at LAX for computer dispatch and record management.

Yes.

Item 9 - File# 17-1125-S5

Scooter permits extended.

Yes. In fact, they were at the BOD meeting the other day. I should have grabbed his number. I want to establish some permanent locations for them on sidewalks/open spaces so they're not falling over on and blocking the sidewalk. Personally, we need to figure out some way of making them not fall over. Bolted docks ? YYou know what'd be really sick ? Rentable Hoverboards. Called it 

Item 10 - File# 18-0987

Revamp animal shelter system.

Yes. I'm down with this. Make em clean and nice. Make extra room. Vet services would be cool but probably far off. (We have to start thinking about where the funding for things will come from.) Build connections with people in the cut who have ranches and stuff. Just make sure to neuter/spay so they don't overpopulate those boarding homes.

Item 11 - File# 19-0060

LADOT version of Lyft's.

Lol I'm down with this. Do we have an app ? We should totally hop on a public version. I bet there's people who have big buses who might be down to add to the crew. Locket that. Jobs baby
