Comments for Public Posting: It is so critical that the city council approves the motion to allow us RSO owner Occupied to continue doing STR in their own homes. This has caused a tremendous financial hardship for many of us. This was voted on Nov 2019 and city planning was supposed to bring the amendment back to council. Please help us to expedite this motion and allow us to register and pay the TOT taxes to the city again. My medical bills are accumulating and the extra income helped me pay these expenses. Thank you
