Comments for Public Posting: Please pass this amendment so owner occupied RSO unit can do STR. I want to be legal and register and pay the fees to the city unfortunately the portal doesn't allow me to. Thank you for understanding it keeps me awake at night worrying with the uncertainty of what will happen to my property cause i rely on this income for property taxes and very high medical expenses.

Comments for Public Posting: I support home-sharing in Primary RSO homes, these are small-time mom and pop operations. I encourage you to support small business owners.

Comments for Public Posting: I support STR hosting for owner occupied RSO properties. These primary residences should be allowed to host with as many rights non RSO properties. They aren't affecting any long term housing shortages in LA since the owners use them as their primary residences.

Comments for Public Posting: It is critical that this gets approved This will cause extreme financial hardship to 100's of hosts if it doesn't. We want to register and do the right thing but unfortunately can't right now until this is expedited. Thank you
