Rita Moreno,

Dear Councilmember O'Farrell,

Los Angeles is a housing crisis, worsened by the thousands of units on the market that have become short-term rentals. After years of discussion, Los Angeles' ordinance on homesharing finally went into effect. I am outraged by Councilmember' O'Farrell's attempt to weaken the critical protection of rent controlled units in the ordinance. The policy will make enforcement more difficult by erasing the bright line protecting rent stabilized units. I urge you to withdraw your support and allow the current policy to work in protecting our housing, particularly rent-stabilized housing from being transformed into de-facto hotels.

Rita Moreno,

Dear Councilmember O'Farrell,

I have been a resident of Echo Park for the past 6 years and have been disheartened by your public performance of being in support of affordable housing and the construction of PSH for Los Angelenos that is contradicted by your behavior as a Councilmember.

Los Angeles is a housing crisis, worsened by the thousands of units on the market that have become short-term rentals. After years of discussion, Los Angeles' ordinance on homesharing finally went into effect. Dear Councilmember O'Farrell,

Los Angeles is in the midst of a housing crisis, worsened by the thousands of units on the market that have become short-term rentals. After years of discussion, Los Angeles' ordinance on homesharing finally went into effect. I am deeply disappointed by your attempt to weaken the critical protection of rent controlled units in the ordinance. The policy will make enforcement more difficult by erasing the bright line protecting rent stabilized units. I urge you to withdraw your support and allow the current policy to work in protecting our housing, particularly rent-stabilized housing from being transformed into de-facto hotels. Already you have faced criticism on where you've chosen to add affordable and homeless housing - you will only face harder and harder decisions if you remove existing housing stock by handing it over to air bnb.

Dear Councilmember O'Farrell,

Los Angeles is a housing crisis, worsened by the thousands of units on the market that have become short-term rentals. After years of discussion, Los Angeles' ordinance on homesharing finally went into effect. I am outraged by Councilmember' O'Farrell's attempt to weaken the critical protection of rent controlled units in the ordinance. The policy will make enforcement more difficult by erasing the bright line protecting rent stabilized units. I urge you to withdraw your support and allow the current policy to work in protecting our housing, particularly rent-stabilized housing from being transformed into de-facto hotels.
